

Idealease Mobile Truck

We're on the Way!

What is the Idealease Mobile Truck?

The Idealease mobile truck is a state-of-the-art vehicle that allows our customers to schedule preventive maintenance at their own location. Maintenance can be performed when our customers' trucks are not operating during off hours or weekends.

What does this mean for Our Customers?

- Increased Uptime
- Elimination of costs attributed to shuttling trucks to and from the service location
- Less interruption to their business
- Better service to YOUR customers!

Our Goal

We know truck maintenance can be a huge headache. At Idealease we want to make it easy for you to focus more on your core business and less on truck maintenance. We are here to help you!
