**Q: Thank you, Idealease, for creating ELEVATE®. Our team has found it helpful and effective in improving fuel economy and safety. We have additional units we would like to add to our scorecard. Is that an option?**

A: Our mission from the beginning was to help our customers become more efficient and safer on the roads. We value and feel rewarded when our customers ask us for more!

We have the capability to add additional units to the scorecard. When you're ready to take the extra steps to improve your fleet, please contact your ELEVATE® representative to discuss the details. We can add some or all units, depending on your needs and truck type(s).
