

This Week: CVSA Operation Safe Driver Week

Where Can I Find a List of Idle Regulations?

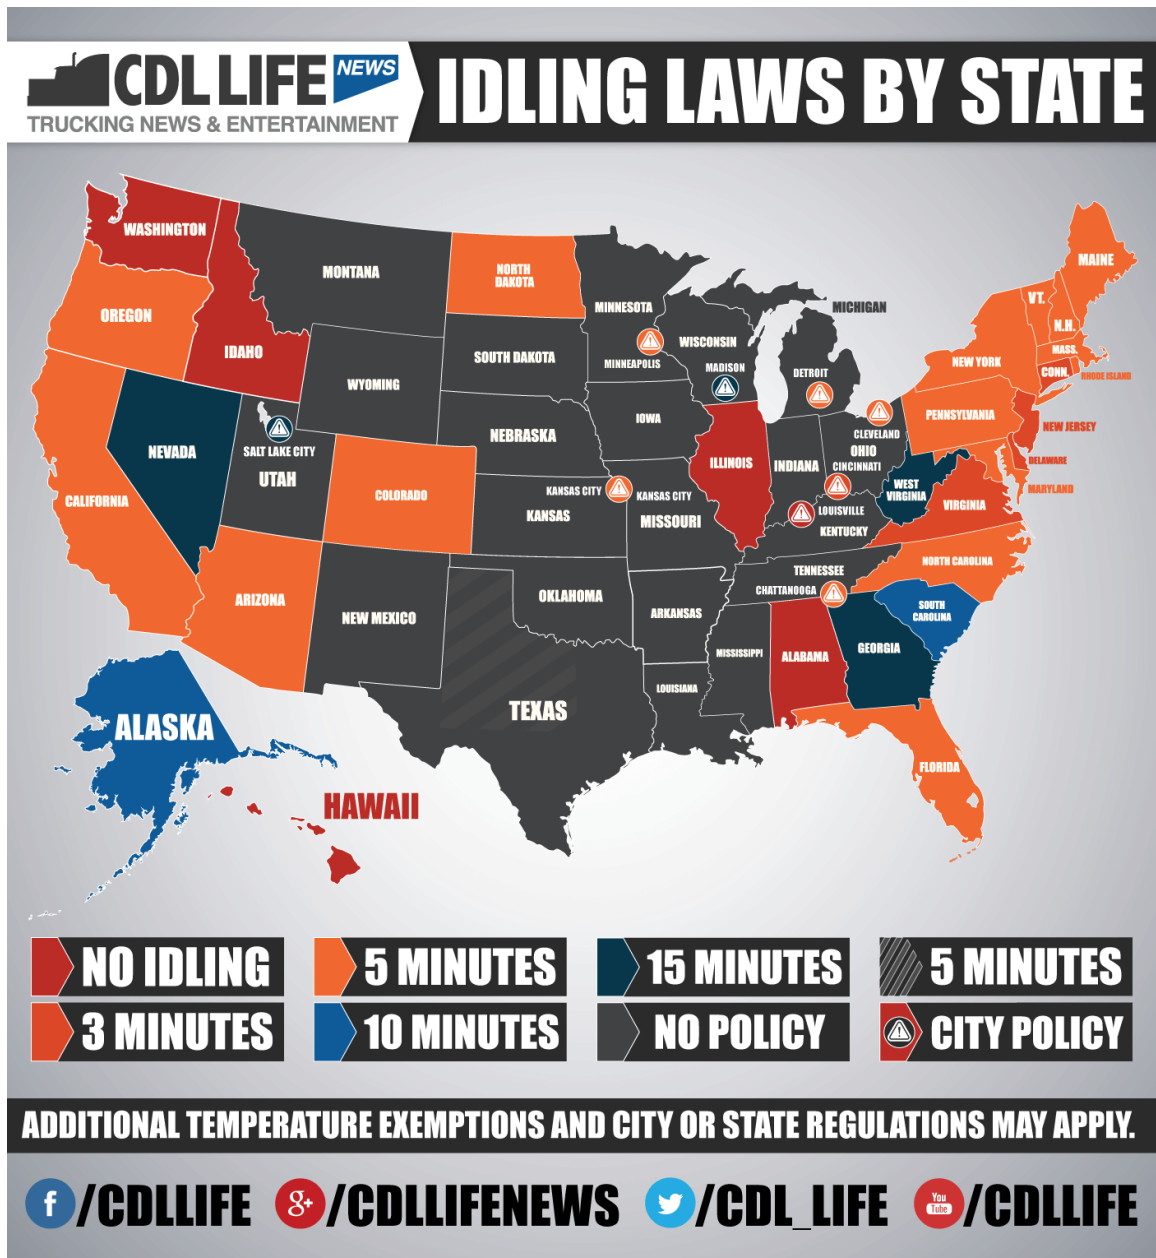

Q: Did you know that many states, counties, and municipalities have laws against excessive idle?

A: New laws are added each year, so it is important for your drivers to know the laws in the areas they are driving. This will reduce the risk of fines while also improving your fuel economy. This is another tool in your coaching belt to use if your local area has anti idle regulations.

<p>Wisconsin, Madison <New></p> <p>5 consecutive minutes w/ fines of \$25 - \$200 (No limit if <20° F or >90° F)</p>	<ul style="list-style-type: none"> - Prevent safety or health emergency - Testing, service, repair or diagnostic - Power auxiliary equipment including refrigeration units - Traffic conditions/controls
