

ROADCHECK 2023 MAY 16-18

Q: When is CVSA's Roadcheck this year and what will their focus be?

A: The Commercial Vehicle Safety Alliance (CVSA) annual Roadcheck this year will be May 16th-18th. The CVSA has announced, "This year inspectors will focus on anti-lock braking systems (ABS) and cargo securement to highlight the importance of those aspects of vehicle safety." Though the focus will be on ABS and cargo securement, violations are not limited to these. Drivers should ready themselves and their vehicles for any and all violations. Communicate to your team the importance of following safety regulations to reduce the risk of an accident and/or citation.
