

# International LT Series

## With an A26 or Cummins Engine!

### What is the International LT?

The new International LT is the most efficient truck that International has ever delivered with major enhancements in aerodynamics, technology and increased uptime. In partnership with Cummins® and Eaton®, the LT series will keep your trucks on the road with up to 7% more fuel efficiency.

### What we Improved:

- Aerodynamic contours of the hood, fenders, wheel openings and chassis skirts.
- Minimized trim and sealed portions of the hood.
- New aero-enhanced three-piece bumper.
- Contoured pedestal mirrors.

### Usage

- Long Haul
- Tanker
- Local Delivery
